## **ISO Sugar Yearbook Questionnaire Reminder**

I have to remind all the member-states that, according to Article 32 (item 2) of the ISA 1992, "Members undertake to supply within the time which may be prescribed in the rules of procedure all available statistics and information as may be identified in those rules as necessary to enable the Organization to discharge its function under this agreement."

On 25<sup>th</sup> January 2021 the Secretariat sent the Sugar Yearbook Questionnaire with Memo(21)05 requesting the statistics for the calendar year 2020. The **deadline** for returning the questionnaire **was the 31<sup>st</sup> March 2021**. However, we have not yet received statistics from a significant number of members.

### **The countries that have not so far sent their statistics for 2020 are:**

Argentina	Eswatini	Jamaica	Sri Lanka
Barbados	Ethiopia	Kenya	Sudan
Belarus	EU	Korea, Rep. of	Tanzania
Cameroon	Ghana	Madagascar	Thailand
Chad	Guatemala	Morocco	Tunisia
Congo, Rep. of	Guyana	Mozambique	Uganda
Costa Rica	Honduras	Nigeria	Ukraine
Cote D'Ivoire	India	Pakistan	United Arab Emirates
Cuba	Indonesia	Panama	Vietnam
Ecuador	Iran	Paraguay	Zambia

### **Thank you to those countries who have already sent their reports:**

Australia	Egypt, Arab Rep.	Mexico	Serbia
Belize	El Salvador	Moldova	South Africa
Brazil	Fiji	Nicaragua	Switzerland

The ISO Sugar Year Book is the flagship publication of the ISO, on which many people judge the Organization. It is vitally important that it contains, as much as possible, accurate official statistics from each member country and therefore, we request that if you have not done so already, **complete and return the questionnaire as soon as possible**, bearing in mind that the deadline has now passed.
