## ISO Sugar Yearbook Questionnaire Reminder

I have to remind all the member-states that, according to Article 32 (item 2) of the ISA 1992, "Members undertake to supply within the time which may be prescribed in the rules of procedure all available statistics and information as may be identified in those rules as necessary to enable the Organization to discharge its function under this agreement."

On 18<sup>th</sup> January 2023 the Secretariat sent the Sugar Yearbook Questionnaire with Memo(23)06 requesting the statistics for the calendar year 2022. The **deadline** for returning the questionnaire **was the 31<sup>st</sup> March 2023**. However, we have not yet received statistics from a significant number of members.

### **The countries that have not so far sent their statistics for 2022 are:**

Argentina	Egypt, Arab Rep.	Iran	Sudan
Barbados	Ethiopia	Jamaica	Tanzania
Belarus	EU	Madagascar	Tunisia
Cameroon	Fiji	Malawi	Uganda
Chad	Ghana	Nigeria	Ukraine
Congo, Rep. of	Guyana	Pakistan	United Arab Emirates
Cote D'Ivoire	India	Saudi Arabia	Zambia
Cuba	Indonesia	Sri Lanka	

### **Thank you to those countries who have already sent their reports:**

Australia	Eswatini	Morocco	South Africa
Belize	Guatemala	Mozambique	Switzerland
Brazil	Honduras	Nicaragua	Thailand
Colombia	Kenya	Panama	Türkiye
Costa Rica	Korea, Rep. of	Paraguay	United Kingdom
Dominican Rep.	Mauritius	Philippines	Vietnam
Ecuador	Mexico	Russian Federation	Zimbabwe
El Salvador	Moldova	Serbia	

The ISO Sugar Year Book is the flagship publication of the ISO, on which many people judge the Organization. It is vitally important that it contains, as much as possible, accurate official statistics from each member country and therefore, we request that if you have not done so already, **complete and return the questionnaire as soon as possible**, bearing in mind that the deadline has now passed.
