'Enormous potential for the nutrition of millions': Savanna Ingredients develops natural sugar without calories

27-Jun-2018 By Katy Askew

Germany's Savanna Ingredients has developed a process to produce allulose - "real sugar without calories" - on a mass scale. The group expects to achieve European foodstuffs approval within the next two years.

UK firm claims to have first commercially viable scale-up process for brazzein

22-Jun-2018 By Niamh Michail

Magellan Life Sciences says its patent-pending fermentation process to scale up the sweet-tasting protein brazzein will make it the first company to market the natural, zero-calorie sweetener.
