##### **UK food industry is not failing on sugar reduction targets, says expert**

UK food and drink manufacturers are achieving "substantially better" sugar reductions than has been reported, according to a health policy expert. "It's good news for public health as well as private business."

##### **Hershey, Unilever: GMO labeling should apply to highly refined oils, sweeteners**

If consumers are to believe that the food industry is serious about transparency, highly refined ingredients derived from GM crops must be included in the definition of 'bioengineered' enshrined in federal GMO labeling legislation, even if they contain no detectable rDNA, Unilever and Hershey have argued.
