'We need to ensure fairness, healthier food and social rights': European Parliament pushes ahead with tough unfair trading stance

25-Oct-2018 By Katy Askew

The European Parliament is pushing ahead with efforts to crack down on so-called unfair trading practices (UTPs) in the food supply chain, backing a series of amendments that are designed to harden the position initially set out by the European Commission.

Bulk Commodities and Special Crops

- **Cofco International CEO Johnny Chi Is Said to Be Chairman – Bloomberg** – Cofco International Ltd. Chief Executive Officer Jingtao “Johnny” Chi will become chairman of the global trading arm of China’s biggest food company, according to people familiar with the matter. Chi will move from Geneva to Beijing and take the chairman role by the end of the year. Dong Wei, chairman and executive director of China Agri-Industries Holdings Ltd., another subsidiary of Cofco International’s parent Cofco Corp., will be CEO, the people said. The reshuffling of two powerful executives within the Cofco empire show the company remains set on creating a major agricultural trading house, while also securing food supplies for the world’s most populous country.
