How Mother Nature's backyard is bringing a fruitful approach to sugar reduction

24-Nov-2019 By Flora Southey

As industry considers how best to reduce sugar in sweetened food and beverages, could fruit-derived ingredients provide a 'natural' alternative to the refined sweet stuff?

Digestive health drives bakery innovation

28-Nov-2019 By Gill Hyslop

Dubbed a 'mega-trend' in 2010, heightened consumer awareness in gut-health continues to significantly influence product development and reformulation, says Katrien Lambeens, product manager at Beneo.

Festive hot drink favourites are failing to reduce sugar, say campaigners

03-Dec-2019 By Rachel Arthur

With trendy plant-based alternatives such as soy milk or almond milk, consumers often find a health halo around indulgent coffee shop drinks. But festive favourites such as hot chocolate and sweetly-spiced lattes contain 'huge' amounts of sugar, says Action on Sugar.
