24 & 25 NOVEMBER 2020

29th INTERNATIONAL SUGAR ORGANIZATION SEMINAR

The Executive Director would like to draw your attention to the 29th International Sugar Organization Seminar, being held this year on **24 and 25 November** in the East Wintergarden, Canary Wharf, London, UK.

The title of this year's seminar is "**Coronavirus and climate change: short and long term challenges**" and we are hopeful the conditions will allow us to hold the event as planned. The health and well-being of our participants is our main priority so we will continue to monitor the situation with COVID-19 to proceed as the parameters and government regulations allow. The organizers may decide to relocate the event if it proves necessary to ensure the safety of the delegates and attendees.

The full programme is now available on the ISO website via this link <https://www.isosugar.org/event/24/29th-international-sugar-organization-seminar> where the online registration information will be posted in due course.
