COVID 19

International Sugar Organization Secretariat

UPDATE

The Executive Director would like to inform Members that since the last Press Release was issued the UK Government's position has changed and England will be in Lockdown from Thursday, 5 November. UK Government advice is that all those people who can work from home must now do so. The ISO will respect these guidelines and will continue to provide the highest level of service; staff will combine coming to the office only when absolutely necessary with continuing to work from home

All ISO staff are reachable, preferably by email, and also by phone. The phone number operates normally and all calls will be answered. So far, the ISO Secretariat has demonstrated that during this lockdown its level of professional service remains solid and covers all the main areas of relevance.

This situation will be regularly reviewed by the Executive Director with the next review date being 1 December 2020. You will continue to be kept informed of any change in circumstances.
