Hurricane ETA

As many of you are aware, Hurricane Eta recently hit Central America as a Category 4 and caused massive devastation. Honduras was particularly impacted and as you can see from the attached photos there is significant flooding, destruction of homes and villages isolated.

Our friends at the Honduras Sugar Producers Association (APAH) are doing an excellent job in getting help to those in need, supplying food and shelter for thousands of families that were hurt by the hurricane, and now need your help. Please support their actions to help in this time of crisis by donating to the Foundation "Sugar is Life"; your contribution to FUNAZUCAR in this time of need will make a difference for many Hondurans who have lost everything.

Thank you for your consideration; our prayers and thoughts are with the people of Honduras.
